

# Technology Wednesdays!

Katie Dewey will be offering sessions on Wednesday afternoons to learn about technology resources that can be implemented easily in your classroom. These sessions will each be worth 1 hour of relicensure credit and a certificate will be given to add to your recertification file.

Date	Topic	What to Bring
March 19- 4pm-5pm	<b>What's on the iPad Cart?</b> - This Tech Wednesday will explore some of the cool apps found on the iPad cart. I will also take suggestions for apps you'd like to see on the iPad Cart.	iPad
March 26- 4pm-5pm	<b>Increasing Online Presence</b> - We will be creating/editing an amazing website you can use with your students and parents to post work and create an online professional portfolio using Weebly.	Computer
April 2- 4pm-5pm	<b>End of the Year Projects &amp; Google Drive</b> - As we get closer to the end of the year projects, we'll explore some ways students can save/edit their work from school and home. We will be using the iPad Lab for part of this training.	Computer
April 9- 4pm-5pm	<b>Socrative</b> - I will be introducing this free website where students can take quizzes and polls on iPads or computers! It's so easy you could use it the next day with your class.	Computer
April 23- 4pm-5pm	<b>Infuse Learning</b> - This free website allows students to respond to questions in a variety of ways including drawing, short answer, and multiple choice. It's so easy you could use it the next day with your class.	Computer
April 30- 4pm-5pm	<b>Going Paperless</b> - We will be exploring some ways we can purge some of the paper we have and have it accessible at a moments' notice!	Computer  Papers you should have gotten rid of years ago but were afraid you'd need them.
